

Ultrafast broadband and the Gigabit Voucher scheme – drop-in session

Following a very successful drive by the parish council with the support of residents, Openreach have been building ultrafast fibre broadband for residents and businesses in and around Landrake, with the help of funding that has been made available using the Government's Gigabit voucher scheme. The broadband build is now mostly complete and residents that pledged a government voucher to the project can now place an order for the new, faster service.

Openreach are holding a drop-in session for voucher holders so that you can come along and ask any questions that you may have regarding the vouchers or the new broadband network.

Date: 10th October 2023

Time: 2pm onwards

Location: The Sir Robert Geffery Memorial hall PL12 5EF
