Dear Councillors

I have been chatting to Mervyn. We have probably left it too late to order a bench and memorabilia but at the next meeting I shall include the Queens Jubilee on the agenda. Can you have a think about if you think the Council should purchase / do something to commemorate the Queens Platinum Jubilee.

If you know of any local community groups organising something perhaps they could apply to the Council for funding to cover the costs of the event?

Here are some links to ideas below:
