## 5. CHAIRMAN’S REPORT

The Chairman presented his report to the meeting as replicated below.

### Recreation Ground

The high fencing netting against Blunts Road has been renewed by Wicks & Sons of Buckfastleigh. A hold that had opened up in the field has a survey to establish what this was. It was found to be an old well, there was no other finding of holes in the field.

### Play ground

The litter bin against the top fence has been moved to a new position. This has been done because people were leaning over the fence and putting dog bags in there and as it was next to a bench seat it felt that moving the bin would stop this. Funding for the

new safety play area are now in place with donations from Landrake Gardens, Daniel Pugh and the Big Lottery. This will all be done over the next few months.

#### Parish Maintenance

I would like to thank Paul Lamerton for keeping the village tidy. Paul has power washed the path leading from Higher Town to the Lower Road. Also thanks to Reeford Manning for keeping the Parish seats clean and in good repair. We have signed up with Cornwall Council to have two weed treatments around the village throughout the year as last year the results were very good.

#### Community defibrillator

This has been discussed again and has been put on hold until June/July. As most of you know the telephone box is to be made redundant, we have said we would like to adopt it as this would be an ideal place for a defibrillator.

#### Planning

We have had 18 Planning applications in the past 12 months from new houses to small extensions.

#### Parish Councillors

I would like to thank all Councillors for their support over the last year and to Michael Tamblyn and Michelle Harrison who have decided to stand down as Councillors.

#### Clerk

George has had his first year as the Clerk of the Parish Council. It has been a learning curve for George and ourselves as there has been a lot of new legislation and so on to cope with. So, I thank George for his hard work and support.

**This concludes my report and I will take any questions purely on the content of this report.**

No questions were raised in respect of this report.

## **6. PRESENTATION OF ANNUAL REPORTS**

### 6.1 Village Recreation Field

H.Cartledge-Claus reported that she intended to look into a new committee for the field. Support for this would be looked into.

### 6.2 Saltash Area Road Safety Committee

Mrs R. Savery reported that the committee meets four times a year. It is made up of various stakeholders. The Police station in Saltash would be re-vamped, and two PCSO's would be retained. Police would no longer support 20mph zones, as they don't have the capacity to enforce. Carkeel roundabout would be completed ahead of

time. The traffic lights at the new roundabout will be automated. Speed watch volunteers were requested, as there were only three in Saltash.

### 6.3 Neighbourhood Plan

Dr S Walker reported via email that the Plan was with CRCC in draft form.

### 6.4 Sir Robert Geffery Memorial Hall

Miss D. Savery reported that the Solomon Brown room will be rented out to groups. The Hall is used and booked every night. The stage needs to be painted and finished off.

## 7. **Questions from the Public**

A member of the public raised a question about house building in Landrake

## 8. **ANY OTHER BUSINESS**

There being no further business the Chairman gave thanks, to those present for their attendance and declared the annual public meeting closed at 7.35pm
